## MONEY, STOCKS AND GRAIN

Wall Street Full of Confidence and the Share List Making Steady Gains.

Almost Steady Upward Tendency Throughout the Session Yesterday-At Indianapolis Was Active Bidding for Corn and Oats.

#### THE BOND MARKET.

Extreme Activity Still Marks the Trading in Railroad Issues.

At New York, yesterday, money on call was easy at 2@3 per cent., the last loan being made at 24 per cent., closing offered at 24 per cent.

Prime mercantile paper, 54 @64 per cent. Sterling exchange was quiet but firm with actual business in bankers' bills at \$4.86 for sixty days and \$4.87% for demand.

The total sales of stocks were 365,000 shares, including the following: Chicago Gas. 6,300; Lackawanna, 3,800; Denver & Rio Grande preferred, 6,700; Distilling, 61,-300; Lake Erie & Western, 4,200; Lake Erie & Western preferred, 4,200; Louisville & Western preferred. 4,200; Louisville & licorice, Calab., genuine, 30@45c; magnesia, Nashville, 7,200; Manhattan, 12,500; New England, 14,600; Northern Pacific, 28,800; Reading, 45,200; Richmond & West Point, 2,800; Rock Island, 4,400; St. Paul, 8,500; Opium, \$2,15; quinine, P. & W., per oz, 27@32c; opium, \$2,15; quinine, P. & W., per oz, 27@32c; 3,800; Rock Island, 4,400; St. Paul, 8,500; Sugar, 57,000; Union Pacific, 6,900; Western Union, 5,400.

Notwithstanding the slight set-back given to the stock market Tuesday by the liberal realizations and the operations of the bearish traders, the street yesterday was again full of confidence, even in the face of threatened outgo of gold on Saturday. The increase in the note issue of the Bank of France is expected to facilitate the movement of gold to the center, and the scarcity of commercial bills preserves a stiffness in exchange rates which keeps the market up to the exporting point, or nearly so, all the time. To offset these influences there is a remarkably easy money market, with practical assurance of its continuance for a long time to come, and rates are already down to an extremely low figure, call loans being effected at 21/2 per cent., while the feeling that gold shipments are imminent prevents a further decline. The stock of silver at New York held on certificates has been reduced to less than 700,000 ounces. The offerings to the government are small and the price of the commodity shows decided strength. The stock market paid little attention to adverse influences, and the course of prices, with some few interruptions and exceptions, was almost steadily upward throughont the session. Among railroad stocks there was more strength in Louisville & Nashville on purchases by London. The effect of the threatened outgo of gold only restricted trading in the general list, and even this effect disappeared as soon as the temper of the street made itself felt. The opening advices were added to but slowly until late in the day, when the upward movement became more pronounced and everything moved forward, the close being strong at or near the best prices of the day. Railroad bonds were still extremely active, and the urgent demand for many of the speculative issues did much to stimulate the bullish feeling in stocks. Conspicuous in the upward movement were New York and Northern seconds, which advanced from 77 to 82, and the Texas Pacific issues,

each of which scored substantial gains on large transactions. Government bonds were dull and steady. State bonds were neglected. Closing quo-

#### Trade Increasing and Prices Still Advancing About Covers the Local Situation.

In most departments trade was quite active yesterday, and with this prices on most lines are strong in tone and tending to further advances. Commission men say it is difficult to quote anything in the vegetable line so fast do prices move upward. Irish potatoes, choice stock, yesterday sold at \$1.15 per bushel. Cabbage and onions are in such light supply that they bring prices never before reached. Poultry and eggs are in active demand at the high figures quoted. Flour-sacks and everything in the paper line advances, and all along the line high prices seem to be the feature. There was a fair attendance on 'Change,

and the bidding on corn and oats was active. Wheat, No. 2 red, went off 12c. and several grades of corn advanced 12c. Oats ruled steady. Track bids were: Wheat-No. 2 red. 69c; No. 3 red. 65c; No. 4 red, 55c; rejected, 50c; wagon wheat, 67c. Bran, \$13.50 per ton.

Corn-No. 1 white, 41c; No. 2 white, 41c; white mixed, 69c; No. 3 white, 41c for one or two color; No. 4 white, 38c; No. 2 yellow, 8014c; No. 3 yellow, 39c; No. 4 yellow, 3714c; No. 2 mixed, 3914c; No. 3 mixed, 39c; ear, yellow, 43c; mixed 41c. Oats-No. 2 white, 36c; No. 3, 2512c; No. 2 mixed, 34c; No. 3 mixed, 3212c; rejected, 29

Hay-Choice timothy, \$12.50; No. 1, \$12; No. 2, \$10; prairie, No. 1, \$7.75; No. 2, \$5.50.

#### GRAIN AND PORK FALL OFF

All the News Yesterday of One Sort and the Crowd Rushed to Unload.

Wheat Sold Down First Quickly Followed by Corn and Cats. While Provisions Were on a Veritable Toboggan for a Time.

#### TRADING AT CHICAGO.

Pork Declines to \$18 a Barrel, Afterward Recovering Somewhat.

CHICAGO, Jan. 18.-Everything was lower on 'Change to-day, though there was some recovery in the final transactions. Compared with last night, wheat is off %c, corn %c, oats 4c, pork 2712c and ribs 24c. Lard gained 5c. Liquidation of long stuff was the order of the day, but some fresh buying came in on the decline. The liveliest rally occurred in provisions, where Cudshy and Fairbank stretched forth their hands and lifted their specialties out of the slough. There was enough demand for wheat during the first hour to absorb the offerings, and Bradstreets' report of a decrease of 658,000 bushels in the available supply on both coasts also helped to steady the market. The report, however, showed 385,000 bushels increase east of the Rockies. Cables were easier. The seeming certainty that the antioption bill will pass increased the bear sentiment, and a good many longs started to unload. This increased the weakness, and started fresh selling, and the buying came to a sudden halt. Ream, Walker & Co., Walker & Wrenn, Lynn & Baldwin-Farnum were aggressive sellers. They had some slight aid in the case of Asiatic cholers reported from St. Paul. The market during the last hour turned on generout buying by shorts to secure profits.

Prices declined to from highest point of
the day, ruled steadier, and the closing
was ensier, about 4c from bottom prices. In corn initial transactions were at a slight decline, but railied 4c soon aftercrowd. Offerings then became quite free, there being little support to the market from the source recently noted and wheat and provisions both declining, corn sympathized, selling off %c, rallied %@4c, rnled easier and closed with 4 @ 40 loss. The weather both in the West and South-

interior points. Oats, on increased offerings and the weakness in other grains, opened weaker, and prices receded &c, but railed slightly, and closed quiet with a net loss of 4c. Among the provision crowd the orders from outside were mainly in the way of selling out, several brokers who were more active in selling were supposed to be get-ting rid of long stuff for Armour & Co. May Pork opened at \$18.40, or 17120 below the price it closed at yesterday. It dropped from 21/2 to 5c on every sale until it reached \$18.20, and after rallying to \$18.80 it renewed the decline and kept it going until \$18 was the recorded price. Lard and ribs were also weak, but not so pronouncedly as pork. Just at that point of extreme weakness

west was more favorable for shipping at

where everything appeared to be deserted by its friends, Cudabys sent their brokers into the pork pit and into the ribs crowd, while Fairbank's brokers took hold of lard, and everything received a lively hoist. The estimated receipts for to-morrow are: One hundred and seventy-five cars of wheat 165 cars of corp. 100 cars of

DEMPSEY DEFENDS HIMSELF.

#### Says He Did Not Hire Men to Go to Homestead and Poison Non-Unionists.

Homestead poisoning occupied this morning's session of court by examining a large number of witnesses to prove that sickness in the mill was not unusual. Many workmen testified that previous to the strike they had suffered from illness, the symptoms of which were similar to those which killed some of the non-union men. At the afternoon session, after several unimportant witnesses had been examined, the de fendant, Hugh Dempsey, was called. He said: "I am district master workman of District Assembly, No. 3, Knights of Labor. The Knights of Labor had nothing to do with the Homestead strike; the Amalgamated Association had charge of that. I first saw Gallagher in my office; was brought there by Beatty. Mr. Davidson was there. They were introduced to me by Beatty. Beatty said they were men who were to go to Homestead, get work and report to me how things were running in the mill. Nothing was said about putting powders in food. I did not employ them for that purpose, I told them I had four men in the mill at the time, but that I wanted more reports so that I could by statistics show that the Carnegie company was not succeeding with non-union men. Gallagher would come down two or three times a week. I promised them compensaso that the company would have to pay them. I never gave Gallagher or Davidson any powder; didn't say I wanted to give these men anything to weaken them, and did not talk to them about a strike in Chicago. I was in Homestead frequently, but was in the mill only once, and know nothing about

any plot to poison," Much stir was created in the court-room during Mr. Dempsey's cross-examination by his great agitation. He became much exhausted, and fears were entertained that he would faint, and this produced a somewhat unfavorable impression. When asked why he had hired men to spy for him in the Homestead mill, he replied: "Because I got a telegram from New York asking me to learn the condition of affairs in the mill, as they were trying to arrange a settlement with Andrew Carnegie." At the conclusion of Dempsey's cross-examina-

tion court adjourned. William Foy, who is charged with mur-der and riot at Homestead, is considered past recovery. Young Foy was considered one of the most courageous and daring of the strikers. He was shot in the left side. and he has suffered untold agonies ever since. This wound has refused to heal, and his physicians have abandoned hope for his

recovery. Hugh E. Dempsey was unanimously reelected district master workman of District Assembly No. 3 Knights of Labor this afternoon. Resolutions were adopted expressing confidence in Mr. Dempsey and that the charges brought against him for complicity in the alleged Homestead poisonings were untrue.

## Texas Bank Closed.

Dallas, Tex., Jan. 18.—Bank Examiner Stone to-day, at the request of the directors and stockholders of the Bankers' and Merchants' National Bank, of this city, took charge and closed its doors. The liabilities of the bank, deposits and rediscounts, amount to \$-0.000 and its assets to \$590,000. It was organized in 1890 with a capital stock of \$500,000, about half of which is held in Kentucky. The bank this evening The market was slow and 10@15c lower; secured money to liquidate the deposite

THE

# INDIANAPOLIS JOURNAL

DAILY.

SUNDAY AND

WEEKLY

Since the Journal reduced in price from 25 to 15 cents,a week, it has greatly extended its circulation, reaching a large number of people hitherto unable to afford the luxury of a first-class daily paper. Reports from agents and subscribers indicate the result which was to be expected, namely, that what was first regarded as a luxury has become a necessity, and that the new readers not only remain, but their list is constantly increasing.

It is the purpose of the Journal to make itself even more indispensable to its patrons, new and old, and to still further widen its field. To this end it will not only endeavor to maintain the characteristics which have established its reputation as by far the best newspaper in Indiana, but will add such new features and improvements from time to time as are in accord with journalistic progress and that may tend to the advantage of its readers. It will, for example, give increased attention to State and local interests. What Indianians want is a paper in which Indiana affairs are given especial prominence and importance. This want the Journal has always supplied as no other paper published outside or inside the State is able to do; but the rapidly developing industries and business and social enterprises of the community call for additional consideration and space, With this in view its corps of correspondents has been increased until it has a representative in nearly every town in the State. Special traveling correspondents will visit the news centers of the State at frequent intervals, thus insuring the "write up" of every important event 250.00 or matter of general interest.

Being published in the geographical center of Indiana the Journal is afforded unusual facilities for securing news 337.50 | promptly, and, what is of greater consequence, is able to reach its subscribers without delay. The running of morning trains from Indianapolis is very favorable to the early distribution of papers sent by mail or express, and in most towns within a radius of a hundred miles Journals are delivered as early as in the city where they are printed. In the more remote counties there is but little loss of time in trans-

portation. The Journal is the paper for Indianians and particularly for Indiana Republicans. Although the campaign is ended, the coming session of Congress and subsequent change of administration involve political problems and proceedings likely to be of the most direct personal concern to every farmer and business man in the State. All such matters will be set forth in detail, the Journal's Washington correspondent be-PITTSBURG, Jan. 18.—The defense in the | ing instructed to give especial attention to everything having a possible bearing

> on Indiana interests. But though the Journal is Republican in politics it is non-partisan in the publication of news. Its constant endeavor is to secure facts unbiased by prejudice and to make its columns trustworthy records of eachday's happenings. A large editorial force supplements the work of the press associations and the correspondents, and furnishes careful

supervision for each department. The Sunday Journal has a well-established literary character, superior to that of any Western paper. It is not defaced by "plate matter" nor filled with a heterogeneous mass of syndicate literature, but 's contributions and sen with a view to miscellany ar their special as and adaptability to the tastes of the readers. The reading matter in any given number of the Sunday Journal is equal in quantity and is not inferior in quality to that found in the leading magazines. As an educational adjunct and a source of entertainment the Sunday Journal is indiscensable in every well-regulated family.

The Weekly Journal, at \$1 per year, contains more reading matter than can be obtained for the money in any other shape. It is carefully edited and offers the news of the week in condensed shape and a variety of miscellany. agricultural and household literature that render it one of the best investments that any family can make. Try it and see. It has a large circulation in this and other States and agents find it an easy matter to secure large lists of subscribers.' Special inducements offered to agents. Circulars sent on appli-

Send for sample copies of Daily. Sunday and Weekly issues.
